Re: Docket Number 94P-0036

This letter is to voice my support of the proposal to require the inclusion of trans fatty acids and to limit the amounts of trans fat that make saturated fat, cholesterol, lean, health and other claims on labels. The new proposal will help to sew up the few loopholes that are left in the nutrition labeling requirements set forth a few years ago. We are watching!

Again, please note my support of the proposed requirements.

Thank you for your consideration!

Sincerely,

Ms Keeley Hupila, Conscientious Consumer
